

CALL FOR PAPERS

AIB-CEE 2019 Doctoral Colloquium | Kaunas, Lithuania | 25 September 2019

We are pleased to announce that on September 25, 2019, the 6th Academy of International Business Central & Eastern European (AIB-CEE) Chapter Conference will host a Doctoral Colloquium for doctoral students interested in international business in the dynamic environment of the changes in digitalization, innovation and entrepreneurship.

During the Doctoral Colloquium doctoral students will get the opportunity to present their research and to participate in the facilitated constructive discussion with scholars in the areas of international business.

The Doctoral Colloquium will start with a lecture of a distinguished guest, followed by students short presentations and feedback session with discussants. Students will have 5 minutes to present their work and 15 minutes for feedback and discussion.

Submission Requirements

Please send the extended structured abstract (up to 5 pages) by July 15, 2019, to Dr. Ineta Žičkutė (ineta.zickute@ktu.lt) with the subject "AIB-CEE 2019 Doctoral Colloquium". We expect to convey the acceptance/rejection decision by August 30, 2019.

First-year doctoral students can submit their research plan or a research idea for conference or journal publication. For more advanced doctoral students we recommend submitting the draft of their current research article to benefit from the feedback given by international faculty and colleagues.

The structured abstract should be done according to following structure:

* **Title of Contribution**

* **Context.** Please briefly state the context of your research

* **Problem:** What specific problem does the submission focus on?

* **Current understanding and literature gap:** What is known about this problem, who and how has it been tackled before? Indicate the literature gap that you have identified

* **Research Questions** Please state the main research questions of this research. What is the submission's goal?

* **Research design:** How precisely & in detail was/will the work (be) executed- describe the methodology/approach. Described briefly the methodology used (e.g. quantitative, qualitative, conceptual, analytical). If relevant (e.g. not in the case of conceptual, theoretical, analytical papers), describe briefly the sources and nature of collected or envisaged empirical material, as well as its extent (e.g. number of interviews, quantity of data).

* **Results** Describe succinctly the main results obtained or envisaged in this research. What are/will be the main outcomes and results?

* **Contribution to Scholarship** State briefly the main scientific contribution (achieved or expected) of this research

* **Contribution to Practice** State briefly the main contribution to practice of this research

* **Bibliography** Please provide the full references of the literature cited in your abstract.
